Welcome Home

Three floors of quality, room after room for sleeping bags, moms and dads, kids and pets, and fun fun fun. Muddy feet, wet feet, there is a place for all. A view that is as satisfying in the morning when the winds are still and the water mirrored, as during a storm when the white caps' spray is captured by the sun or snow funnels showcase across the horizon. Cozy over or under, up or down; the fireplace adding a glow and flicker; hot dogs and marshmallows parading outside to in, inside to out.

Built 2008, 3 beds 2 bath, 2850 SF, full unfinished basement, T&G throughout, Turn-Key ready!
